What Do I Need to Know?

MID-PERIOD SALARY CHANGES

When an employee's salary changes in the middle of a pay period, the County's current practice is to pay a percentage of each salary based upon the number of calendar days at each salary level in the month. In the eHR Payroll System, the practice will change to pay the employee based on the scheduled hours reported at the work day rate for each semi-monthly salary.

EMPLOYEE LEAVING COUNTY SERVICE

When a monthly employee leaves County service, the employee will be paid for the scheduled hours reported at the semi-monthly work day rate.

TRAFFIC MITIGATION (CIVIC CENTER PARKING) AND TRANSPORTATION ALLOWANCES

Eligible employees electing to receive a \$70.00 transportation allowance are currently paid once a month on the 15th payday. With the new eHR Payroll System, eligible employees will be paid half the allowance on each semi-monthly pay day.

For more information on the new eHR Payroll System, please visit the LA County Employee Portal at: <http://payroll.lacounty.gov>
